Vcaps® Plus HPMC capsules have superior physical and operational features that meet the needs of both the health & nutrition and pharmaceutical industries.

Developed without gelling agents, Vcaps Plus capsules are manufactured through a proprietary thermogelation process. Due to the natural chemical response of some dyes to heat, Capsugel has developed a validation process to confirm consistency of pre-formulated colors in the two groups below. Formulas for these colors are available upon request.

If you do not find the color you need, please contact your customer service representative. Custom color development is available and your customer service representative will advise you of the process.

Group 1: Body & Cap
Confirmed colors for single color capsules or dual color capsules on the body or cap.

Group 2: Body or Cap ONLY
Not recommended for solid color capsules.

GROUP 1

V42.916
Pantone: **600C**
Description: **Yellow Opaque**
Colorants: **DY10 TiO2**
RX US | RX EU | RX JP
H&N US | H&N EU | H&N JP

V41.907
Pantone: **102C**
Description: **Standard Yellow Opaque**
Colorants: **Y5 TiO2**

Color Formulation Key	
Black Iron Oxide E172	BOX
Candurin Silver Fine E171, E555	CSF
Caramel E150a	CRM
D&C Red #33 (Acid Fushine)	R33
D&C Yellow #10	DY10
FD&C Blue #1, Brilliant Blue FCF E133	B1
FD&C Red #3, Erythrosine E127	R3
FD&C Red #40, Allura Red E129	R40
FD&C Yellow #6, Sunset Yellow E110	Y6
Ponceau 4R, E124	P4R
Quinoline Yellow, E104	QY
Red Iron Oxide E172	ROX
Tartrazine E102, FD&C Yellow #5	Y5
Titanium Dioxide E171	TiO2
Yellow Iron Oxide E172	YOX

Disclaimer
The presented color references are not contractual. Pantone references are indicative. For exact color, do not hesitate to ask for a true sample.

Capsugel has made every effort to ensure accuracy of this color selection. However, many colors are restricted in terms of their application. We recommend that you give careful consideration to your final color choice, and ensure the colors are used in accordance with the regulations of the market and countries in which the product will be launched. A crosscheck by your regulatory department as well as with the appropriate authorities in these countries is advised.
